Details of the information made available in electronic form

[Section 4(1) (b) (xiv)]

The University has been maintaining its own website www.anu.ac.in since the year 2000. The website offers different categories of information required for colleges / students/ public such as details of courses available in the University / Affiliated Colleges, eligibility for admissions, curriculum of the courses, downloading of the formats required for submitting application for the original degree certificate, etc,. The website of Centre for Distance Education of the University provides the option for online admission of students into courses offered by the Centre. Steps are being taken to expand both the websites so as to provide more and more information in the electronic form.
